

Bibliography: Scientific Abstracts

1. Abburi N, Sterenstein A, Breit H, Da Silva I, John S, Song S, Koffman L: Automated Pupillometry Changes Precede Clinical Changes in Patients with Large Hemispheric Infarctions (2857). *Neurology*, April 2021.
2. Aspide R, et al.: New Arrows In The Quiver? The role Of ColorDoppler/Ultrasound/Sonography and Pupillometry In Suspected Case of Visual Loss. IRCCS Istituto delle Scienze Neurologiche di Bologna – Bologna, Italy. Poster Presentation. Neurocritical Care Society 18th Annual Meeting. 23 September 2020.
3. Balakrishnan B, Hanson S, Simpson P, Zhang L: Digital Pupillometry for Noninvasive Neurologic Monitoring in Pediatric Severe Diabetic Ketoacidosis. Society of Critical Care Medicine (SCCM) 51st Critical Care Congress. 18 April 2022.
4. Brown K, Pelanda D: There's More Than Meets the Eye- Focusing on the Future of Automated Pupillometry: A Case Study. OhioHealth Riverside Methodist Hospital. Poster Presentation. 2017 American Association of Neuroscience Nursing. 24 Mar 2017.
5. Choi SH, et al.: Clinical usefulness of quantitative assessment of pupillary light reflex in hospital onset unresponsiveness. Asan University Medical Center- Seoul, S Korea. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
6. Carlisle B, Bennett T, Stutzman S, Tien Ho T, Aiyagari V, Olson D: Establishing Normative Values for Pupillometer Readings. UT Southwestern Medical Center. Poster Presentation. 2017 American Association of Neuroscience Nursing. 24 Mar 2017.
7. Chen J, Tran DK, Moores L, Chen P, Espinoza M, Khoshniyati S: The Transition to Automated EMR Download of Pupillary Data in the ICU: A 3-Year Experience. University of California, Irvine Medical Center. Clinical Presentation. Society of Critical Care Medicine 48th Critical Care Congress. 18 February 2019.
8. Di Bernardini E, Taccone F, et al: Multimodal Approach for Prognostication after Cardiac Arrest: post hoc analysis of a multicentric cohort. Erasme Hospital- Brussels, Belgium. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
9. Fillmore, R. et al.: Diagnostic Value of Pupillometry in the Setting of Pentobarbital-Induced Burst-Suppression Coma. UCI Health – Irvine CA. Poster Presentation. Neurocritical Care Society 18th Annual Meeting. 23 September 2020.
10. Giede-Jeppe A, et al.: Associations Between Serial Pupillometer Readings and Intracranial Pressure Crises in Neurocritical-Care Patients. University Hospital Erlangen, Germany. Poster Presentation. Neurocritical Care Society 16th Annual Meeting. 24 September 2018.
11. Giede-Jeppe A, Schwab S, et al.: Serial Pupillometer Readings Predicting Intracranial Pressure Crisis in Neurocritical Care Patients. University Hospital Erlangen, Germany. Poster Presentation. Neurocritical Care Society 15th Annual Meeting. 10 Oct 2017.
12. Hayakawa J, Go M, Meeves J, Schomberg J, Loudon WG: Correlation Between Pupillary Reactivity and Intracranial Pressure in Infants and Children. 2022 American Association of Critical Care Nurses (AACN) National Teaching Institute (NTI) and Critical Care Exposition. May 2022.

13. Koehn J: Associations Between Pupillary Reactivity and Intracranial Pressure in ICH Patients. Universitätsklinikum Erlangen – Erlangen, Germany. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
14. Mamdani A, Aiyagari V, Olson D: Pupillometry as a predictor of outcome after hemicraniectomy. UT Southwestern Medical Center. Poster Presentation. American Academy of Neurology 71st Annual Meeting. May 2019.
15. Mayne E, Hirsch K, Mlynash M, Hobbs K, Venkat C: Changes in Quantitative Pupillary Reaction During Diagnosis and Treatment of Symptomatic Intracranial Hypotension. Stanford University. Poster Presentation. Neurocritical Care Society 15th Annual Meeting. 10 Oct 2017.
16. McCredie VA, et al.: Implementation of Newly Adopted Technology in Neurocritical Care: A Usability Study of an Automated Pupillometer. University Health Network – Toronto, Canada. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
17. McGetrick M, Olson D, Vashisht A, Kim R, Miles D: Predicting Outcomes with Pupillometry in Critically Ill Children (KIDS-POP). Society of Critical Care Medicine (SCCM) 51st Critical Care Congress. 18 April 2022.
18. Muroi C, et al.: Portable Infrared Pupillometer in Patients with Subarachnoid Hemorrhage: Prognostic Value and Circadian Rhythm of the “Neurological Pupil Index.” University of Zurich-Switzerland. Poster Presentation. Neurocritical Care Society 16th Annual Meeting. 24 September 2018.
19. Neerukonda SV, Schneider NJ, Aiyagari V, Olson D: Differences in Left and Right Pupillary Function is a Prognostic of Neurological Deterioration. 2022 American Association of Neuroscience Nurses (AANN) Neuroscience Advanced Practice Provider (Neuro-APP) Educational Conference. January 2022
20. Olson D, et al.: Insuring the Integrity of Clinical Registries: An Example of Cleaning a Large Multicenter Neurologically Ill Patient Database. UT Southwestern. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
21. Olson D, et al.: The Impact of Increased Intracranial Pressure on Pupillometry: A Replication Study. UT Southwestern. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
22. Olson D, Aiyagari V, Carlisle B, Tien Ho T, Stutzman S: Eye Color Does Not Alter Automated Pupillometry Readings. UT Southwestern Medical Center. Poster Presentation. Mayo Clinic Neuro and Intensive Care Workshop. 5 May 2017.
23. Olson D, Aiyagari V, Carlisle B, Tien Ho T, Stutzman S: Normative Data of Pupillary Reading in Neurocritical Care Patients. UT Southwestern Medical Center. Poster Presentation. 12th Annual Congress of the World Federation of Neuroscience Nurses. 20 Sep 2017.
24. Osman M, Stutzman S, Atem F, Howard A, Ortega-Perez S, Olson D, Aiyagari V: Correlation of Objective Pupillometry to Midline Shift in Acute Stroke Patients. University of Texas-Southwestern. Poster Presentation. Neurocritical Care Society 16th Annual Meeting. 24 September 2018.
25. Ong C et al.: Quantitative Pupillometry and Radiographic Midbrain Compression. Boston Medical Center, Boston, MA. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.

26. Ong C, et al.: Effect of Hyperosmolar Medication on Quantitative Pupil Metrics in Neurological Critical Illness. Boston Medical Center. Poster Presentation. Neurocritical Care Society 16th Annual Meeting. 24 September 2018.
27. Ong C, Hutch M, Kim A, Zafar S, Stelios S: Range of Quantitative Pupillometry Measurements and its Association with Traditional Metrics in the Neuro ICU. Massachusetts General Hospital, Brigham and Women's Hospital. Poster Presentation. Neurocritical Care Society 15th Annual Meeting. 10 Oct 2017.
28. Peluso, L, Taccone F, et al.: A Multimodal Approach for Prognostication of Post Anoxic Brain Injury. Erasme Hospital – Brussels, Belgium. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
29. Riker R, et al.: Midbrain Injury is Common in Patients with Abnormal Pupillary Light Reflex After Cardiac Arrest. Maine Medical Center, Portland ME. Poster Presentation. Neurocritical Care Society 17th Annual Meeting. 16 October 2019.
30. Riker R, Sawyer M, Fischman V, Stone P, May T, Lord C, Eldridge A, Seder D: Quantitative Pupillometry Data After Adult Cardiac Arrest: An Observational Study. Maine Medical Center, Kenyon College, Tufts University School of Medicine. Poster Presentation. 2018 Society of Critical Care Medicine Congress. 26 Feb 2018.
31. Romagnosi F, Bernini A, Bongiovanni F, Iaquaniello C, Miroz JP, Citerio G, Taccone FS, Oddo M: Neurological pupil index for coma prognostication in critically ill patients with non-anoxic brain injury. CHUV, Lausanne, Switzerland. Poster Presentation. 2021 Euro Neuro e-congress held virtually. 14 April 2021.
32. Sanabria LM, Peluso L, Moro Salihovic B, Creteur J, Vincent JL, Gaspard N, Taccone FS: A Multimodal Approach for Prognostication of Post-Anoxic Brain Injury: Beyond the Guidelines. Erasme Hospital – Brussels, Belgium. Poster Presentation. Neurocritical Care Society 16th Annual Meeting. 24 September 2018.
33. Sawyer M, Lucas L, May T, Lord C, Seder D, Riker R: Neurological Pupil Index Predicts Neurological Outcome Early After Cardiac Arrest: An Observational Study. Maine Medical Center. Poster Presentation. Neurocritical Care Society 15th Annual Meeting. 10 Oct 2017.
34. Sawyer M, Riker R, May T, Fishchman V, Stone P, Eldridge A, Lord C, Lucas F, Seder D: Very Early Pupillometry, EEG Suppression, and BIS Data Predict Outcome 6 Hours Post Cardiac Arrest. Kenyon College, Maine Medical Center, Tufts University School of Medicine. Poster Presentation. 2018 Society of Critical Care Medicine Congress. 26 Feb 2018.
35. Schachter, M. et al.: Continuous EEG and Pupillometry Abnormalities in Acute Liver Failure. Emory School of Medicine – Atlanta, GA. Poster Presentation. Neurocritical Care Society 18th Annual Meeting. 23 September 2020.
36. Stutzman S, Aiyagari V, Hill M, Miller C, Atem F, Olson D: Incongruence in Constriction Velocity and Neurological Pupil Index. UT Southwestern, OhioHealth Riverside Methodist Hospital. Poster Presentation. Neurocritical Care Society 15th Annual Meeting. 10 Oct 2017.
37. Taccone FS, Pozzebon S, Moro Salihovic B, Vincent JL, Creteur J: Non-Invasive Estimation of Intracranial Hypertension: A Multimodal Approach. Erasme Hospital – Brussels, Belgium. Poster Presentation. Neurocritical Care Society 16th Annual Meeting. 24 September 2018.

38. Tien Ho T, Stutzman S, Atem F, Carlisle B, Aiyagari V, Olson D: Is Variance in Pupillary Function Associated With Discharge Outcomes? UT Southwestern Medical Center. Poster Presentation. 12th Annual Congress of the World Federation of Neuroscience Nurses. 20 Sep 2017.
39. Tran DK: Five-Year Experience With an Automated Pupillometer System: Implementation and Nursing Attitudes. University of California Irvine Health. 2021 Society of Critical Care Medicine (SCCM) 50th Critical Care Congress. Feb 2021.
